April 2020 Newsletter

Hi Members,

and kind thoughts to you all and members of your families.

The month of April is often viewed by many of us as a rather sombre month with a lot of good cause for reflection. Easter celebrations are not far away now, with all of its religious and family significance, then ANZAC Day on the 25th (being publicly observed on Monday 27th this year), a solemn day of remembrance which commemorates all New Zealanders who have served our country in wars and conflicts, and, also honours returned servicemen and women.

While Covid-19 Level 4 restrictions exist, and we may not be publicly able to acknowledge these special days in the normal manner we are accustomed to, we should all begin to look forward to the time when we can all gather together again at the Club, to again enjoy the camaraderie of each other and again join in the Club spirit.

At present we are all waiting for the next Government directive and when allowed, fully intend to resume Club operations as quickly as is practicable. Everything will always be done to ensure Members' welfare and health is fully protected.

So take care and be kind to one another, we all trust life might soon return to some normality.

Best regards to all,

Stay Home, Stay Safe, Be Kind
